

Elder Planning Counselor (EPC)

Description:

The EPC designation program is offered in Vancouver by Ashton College (www.ashtoncollege.com).

The goal of the program is to enrich the knowledge and understanding of professionals including insurance and financial advisors, realtors, lawyers and Accountants, caregivers, medical personnel and generally people who work in the 50+ age group through education on topics focusing upon the evolving and specialized needs of Canada's citizens as they age.

Offered in partnership with the Canadian Initiative for Elder Planning Studies (CIEPS), this is the first all-Canadian elder educational designation program in Canada which was designed by Canadians for Canadian professionals.

The modules which make up the program are relevant and specific to professional practice. All of our faculty have earned their EPC designation and are considered to be experts in their own right.

To register, contact Patrick Fowler at 604-899-0803 ext 103.
