

## **Easy Care brand - Open back dresses**

### Description:

One only worn once - the other is brand new.

My mom went into a nursing home that suggested we buy them to help them dress her but she passed away before she could use them.

One is blue and one is pink.

You can see them at:

[www.easylivingshops.com](http://www.easylivingshops.com)

They were purchased at the nursing home when representatives from the Easy Living Shops came by.

They were \$160 for both. Will sell both for \$100.
